ACKNOWLEDGEMENTS

The completion of this doctoral dissertation was possible with the support of several people, who so generously contributed to the work presented in this dissertation.

First of all, special mention goes to my enthusiastic supervisor, Professor Michael Frömmel and his family, Tanya and Darina. My PhD has been an amazing experience and I thank prof. Michael Frömmel, not only for his tremendous academic support, but also for giving me so many wonderful opportunities. His great guidance and supervision gradually built my research confidence. Besides, he and his family also cares about my life and my family in Vietnam whenever we talked, which inspired me a lot. Now I have a second home in Belgium. I also would like to thank my co-supervisor, professor Youwei Li for his guidance and supervision. His comments and suggestion during my PhD were very useful.

I would like to express my gratitude to the members of my examination committee: Koen Inghelbrecht, Heidi Vander Bauwhede, Anouk Claes, and Ngoc Phi Anh Doan, thank you for your willingness to evaluate this dissertation, the constructive feedback and helpful suggestion from examination committee during the pre-defense have significantly improved the quality of this dissertation. Koen, thank you for acting as a secretary.

I gratefully acknowledge the financial support from Vietnamese Government, which enabled me to pursue my doctoral studies at Ghent University.

To all of my colleagues and former colleagues at the Department of Economics, Ghent University, thank you so much for your support and encouragement during my PhD. Sabine and Nathalie, thank you for helping me with administrative stuffs. Xing, Linh, Wouter, Thomas, Nicolas (D), Nicolas (S), Elien, Niek, Hannes, Ronti, Raheel, Sisi, Aydin, thank you for always supporting

me during my time at UGhent. Especially thank to Niek for translating the brief introduction into Dutch. Also for all of my colleagues, thank you for your kindness and friendship.

I am also hugely appreciative to my colleagues at Danang University of Economics for their encouragement during my journey.

With my PhD, I became acquainted to many new friends in Belgium: Trinh, Huy, Khai, Thuy, Na, Nam, Tien, My, Chi, Tri, Quan, Manh, Linh, Trang, Bac and many others: You guys make anything more like home. I also would like to thank my close friend in Vietnam who did not meet face to face much but really motivated me: Phu, Diem, Hung (T), Hung (V), Thao, Phuc and Hieu.

Profound gratitude goes to my other relatives, friends, cousins, colleagues for their continued interests and support.

Finally, the biggest thanks I would like to express is to my dear family. I want to thank and appreciate my parents and my parents in law for their unconditional love, inspiration and trust in me. I also thank my dear brother, Thien for his encouragement and taking care our parents during my PhD abroad.

Con muốn gửi lời cảm ơn đến ba Lành, mẹ Thương. Không có sự quan tâm, chăm sóc, dạy dỗ của ba mẹ đã không có con ngày hôm nay. Cảm ơn ba mẹ đã động viên, tin tưởng con trong suốt chặng đường vừa qua. Chưa bao giờ con thấy hết hạnh diện khi được làm con của ba mẹ.

Cảm ơn ba Hạnh, mẹ Nga đã sinh ra Ngọc, vợ con. Cảm ơn ba mẹ đã cho con có cơ hội được làm con của ba mẹ. Con biết ơn tình yêu thương, sự quan tâm và tin tưởng của ba mẹ đã dành cho vợ chồng con thời gian qua.

I would like to express my thanks to my wife, Ngọc for her understanding, support, encouragement and love, which helped me to finish my PhD. Once again, thank you for coming to my life and even making it much better.

It has been a long journey with many ups and downs, optimism and pessimism. This journey has not been complete without love and support from all of you. Once again, thank you so much.
